*KPC (Applicant) comments due 30<sup>th</sup> May CDC Decision awaited (Target decision date 16/06/23)*

#### 23/01373/TPO 5 Park Close Kirtlington OX5 3HR

T1 Walnut - Clear the OHS by reducing branches by up to 1m, this would include the removal of one secondary branch back to source, prune the low southern canopy to give up to 2.5m vertical clearance from the roof, this would include the complete removal of two, low secondary branches. We would also prune the remaining overhanging mid canopy by up to 2m, include any pruning required to address the balance and shape of the tree once priority pruning has been completed (OHS clearance and southern overhang), this would consist of branches being pruned by no more than 1.5m, carry out an inspection of the afore mentioned cavity and include remedial pruning as required to mitigate risk of failure and a subtle crown raise around the circumference of the tree

*KPC No objection. CDC Target decision date 17/07/2023*

#### 23/01526/TCA Oak Cottage Heyford Road

T1 x Eucalyptus - Section fell/remove tree

*KPC comments due Tuesday 27<sup>th</sup> June CDC Target decision date 18/07/2023*
